PGNZ Member Only Peugeot Offer
Exclusively Through **FleetPartners**.

The new 308 HDi AT model was designed to meet the strict European CO2 standards, achieving a staggering low 125g CO2/km and consuming only 4.7 litres of diesel per 100km.

It comes with a special electronically controlled, 6 speed gearbox that takes away the need for a clutch pedal. Everything in this car is focused on optimizing fuel consumption and thereby reducing CO2 emissions.

Moreover, it uses technology that ensures simplicity and driving pleasure with respect for the environment. All wrapped in the attractive and versatile Peugeot 308 package.

Peugeot 308 HDi AT
45 Months / 55,000km
